SAVING THEIR MINDS TO REBUILD IS AN IMPORTANT PART OF HER ROUTINE.

It was January of 2012 when I left that place,
just yesterday.

Yesterday

what were
you trying
to capture?"

Katagi-
fteen,

For me, sky is opportunity itself.
That's the reason why I take pictures of the sky.

Your
pictures

are too
impulsive.

I'm
a realist,

so I find
it necessary
to utilize your
subject's full
potential.

Pictures taken by cameras don't lie, so I thought of adding my own ideas to the picture since it's one way of communicating to the viewers. I guess I still can't do this properly...

are connect-
ed under this
sky.
That's
what I
think...

My where-
abouts,
and
myself.

A special
someone
I haven't
met yet.

My
distant
family.

Did I not
tell you?

Are you
making a
fairy tale?
No, you're
taking a
picture.

You
shouldn't
work
in
Tateya-
ma film.

Katagiri-
san.

No way!

I would
never quit.

So,

Photo-
graphy.

I don't know
much about
photography.

but I'll never
give up!

I worked
in photo-
graphy for
2 years.

I studied a
great deal.

but I still have
plenty to learn
because I'm
not attentive.

Now then,
let me say
my opinion.

Well in
that case,
good.

you failed.

...Airi.

but who said
you failed with
a score of
zero?

Guess
I'm back
to square
one...

Even if
you fail,
at least
you tried.

Go back to
the starting
point as many
times as you
want.

It could be 10,
or even 20, if
you wanted!

Don't
waste your
opportunity.

okay?

Failures
will remain
as failures,
so what?

If I'm
just gonna
fail, maybe I
should quit
work after
all...?

Airi, you need
to be faithful and
dedicated to your
own justice.
You lack per-
sistence.

I want to see

Go all out
for photography,
I'm sure you will

I believe
in you.

the picture
in your mind
someday.

Also,

Snow...

SIGN: CENTER GENERAL HOSPITAL

I saw the picture of the mountain you took just the other day.

Oh, thanks to you, I'm doing fine.

Hello, it's been a while. This is Takeyama.

Your ideas can't be shared unless they are understood.

...I guess so.

As usual, it was self-assertive.

I need to take care of someone...

So, I'd like to ask you a favor today...

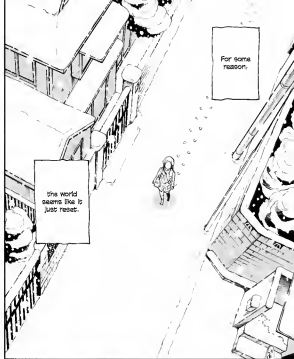

so there
are only
few cars
and people
around.

It's
snowing.

I like this
silence.

Silence
is stop-
ping by.

For some
reason,

the world
seems like it
just reset.

Shut up!

Oh,
come
on...

Huh?

Earlier

The high school I graduated from when I was 21 had this communication system, so I managed to make a few friends.

so I barely passed elementary and middle school.

I went in and out of hospital.

That's because you're special.

But we have enjoyable conversations, don't we?

Oh...

To tell you the truth, I'm not good at interacting with other people.

It's thanks to you that I can be a member of society

like I am right now.

Your kind and cheerful attitude

saved me.

Air!

It's lack
of oxygen.
That's what I
heard them
say.

En?!

such
as?!

Good
points...

Don't
forget
that.

you have many
good points in
your heart.

Yup,

such
as your
smile.

I haven't
laughed once
since this
morning.

Come to
think of it,

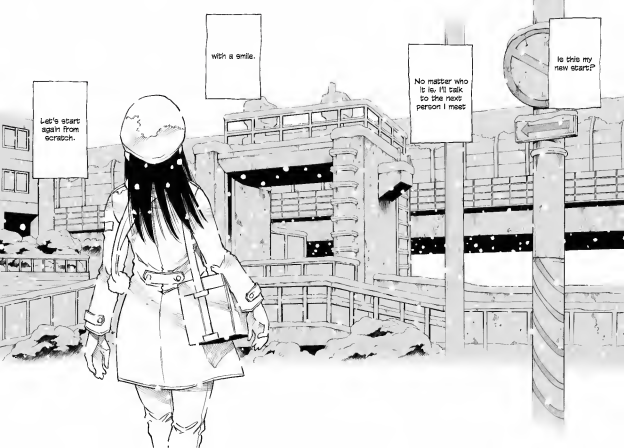

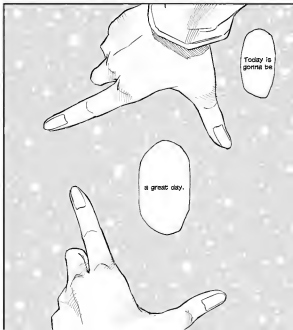

Let's start
again from
scratch.

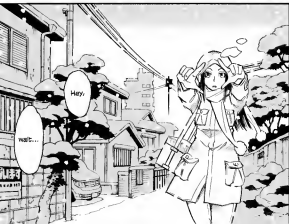

with a smile.

No matter who
it is, I'll talk
to the next
person I meet

Is this my
new start?

there?

is
anyone

Gosh!

...To be
snowing
like this...

That's
not fair!

avoid
the snow

with you?

THANK YOU VERY MUCH FOR READING WITH PLEASURE!
